Giving your child the very best start in life

I am very proud to be the headteacher of Bibury Church of England Primary School, it is a special school, with a happy and friendly learning environment. Our dedicated team of staff and governors hold the individual well-being and progress of the children at our heart. Christian values provide the foundation for our school and they shine through our relationships and everyday activities.

At Bibury we believe that every member of the school community should be encouraged to be the very best that they can be, whilst remembering that school should be an exciting and engaging place to learn, filled with positive relationships and an understanding that we can all surprise ourselves with what we can achieve when we work hard.

We offer stimulating and inspiring learning opportunities, as well as celebrations of our achievements and successes. We also work in close partnership with parents and the local community to ensure that every child is a successful learner.

Everyone is welcome at Bibury, so please come along and visit our school so you can experience our warm, friendly and inspirational atmosphere for yourself.

We look forward to welcoming you.

Suki Pascoe
Headteacher

‘Great oaks from
little acorns grow’

‘My child felt at home
from day one!’

Reception Mum

‘A wonderful transition from Nursery to School’

Reception Dad

Reception children join us from the September following their 4th birthday.

Children planning to join us are invited to come for a number of visits during the Summer term before starting school. We listen to parents to devise transition arrangements that suit their child’s needs, enabling full time places to be offered as soon as children are ready.

We open the school from 8:00 am for children to be supervised and run an after school club called Bibury Oaks. This is open to all children from 3:15- 4:15 pm every day. These sessions are supervised by professionally trained staff and offer a range of activities. The club is very popular with the children.

Parents are encouraged to contact us to arrange a visit as soon as possible.

'Reading together is now part of our daily routine'

Year 2 Dad

All children are given reading books that are closely matched to their learning to take home to read with parents.

This helps to reinforce work done in the classroom and builds up their phonic knowledge, fluency and sight vocabulary - helping the child become a confident reader and fostering a love of reading

'I couldn't believe how quickly they learn to read'

Reception Mum

Every child has the chance
to shine, and to achieve
their full potential

At Bibury we aim to develop the whole child, which we believe contributes to raising children's overall academic achievements. The teachers know the children very well, allowing them to personalise learning to suit individual needs and ensure every child achieves their full potential. In a small school, everyone has the chance to shine.

‘Teaching is adapted to suit each child’s learning’

Parent Governor

Our teaching groups are small and our staff are very experienced. Their expertise covers a wide range of different subjects that complement each other to deliver the whole of the National Curriculum and so much more.

‘My child always has the confidence to ask’

Parent Governor

‘I love the fact that each child has access to their own laptops and ipads’

Year 6 Mum

Technology plays an important role at our school and is part of everyday life for Bibury pupils.

We use targeted computer software and iPad apps alongside traditional classroom tools to enhance children’s learning, extending learning for more able children, while also providing further support to those that need it.

As with everything we do at Bibury, technology is used in different ways to suit each child’s needs, as part of our holistic approach to every child’s learning.

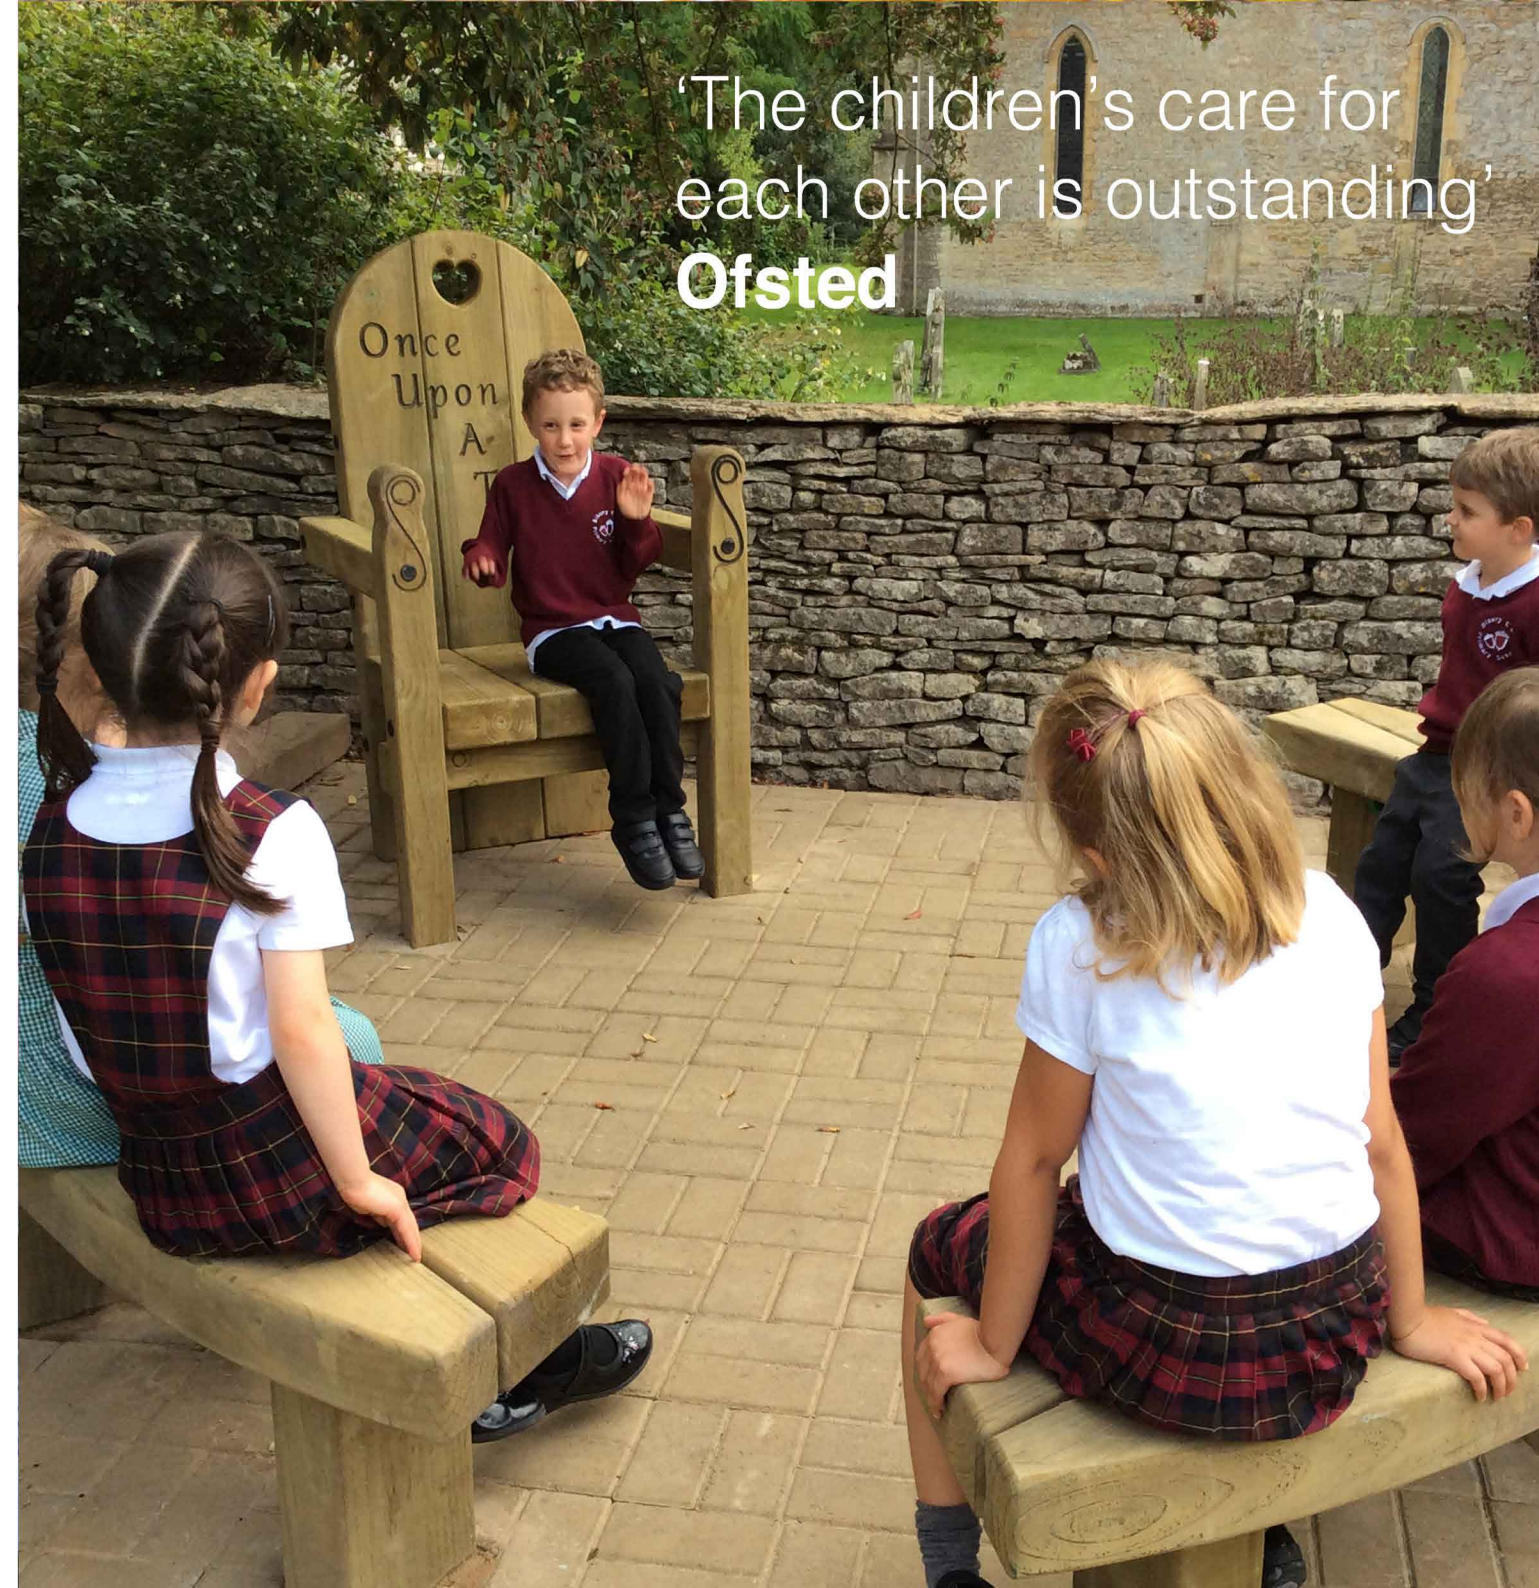

‘The children feel safe
and secure all day’

Year 2 Parent

Everyone works together as a team with considerable flexibility and a broad depth of knowledge and experience, creating a stimulating environment from which the children can draw and benefit.

The staff foster a stable and familiar environment in which children thrive. Parents feel confident when speaking to the teacher, knowing that we understand children as individuals.

‘The children’s care for
each other is outstanding’

What makes Bibury different?

How does a small school work?

Bibury Church of England primary school is a very small school, divided up into three teaching groups, Reception, Year 1 and Year 2, Years 3 and 4 and Years 5 and 6.

An experienced teacher leads each Key Stage, supported by specialist teachers and teaching assistants. Classes are typically less than 15 enabling our teachers to be flexible in their approach, planning lessons around the needs of each individual child.

Grouping is fluid so every child has access to tailored support. In this environment every child can flourish and succeed.

‘No child feels singled out if they need extra support and more able children can be stretched and remain motivated.’

Parents with two children in the school

Bibury is able to offer excellence in sport, languages, dance and many other areas by working regularly with specialist teachers.

‘Exciting and engaging activities
and events enthuse pupils’

Ofsted

‘School trips are fun
and really interesting’

Year 4 Child

School trips involve everyone and this creates a real family atmosphere. Frequent whole school activities engender a happy, caring family atmosphere. Sport plays a big role in our school, with all the children enjoying working with professional coaches, both in school and outside of school including swimming lessons.

Ready to move on to the next stage, and prepared for all life's adventures

Children leave Bibury able, confident and ready to give their best at whichever school they move on to, whether it is an independent school, grammar school or one of the many local secondary schools.

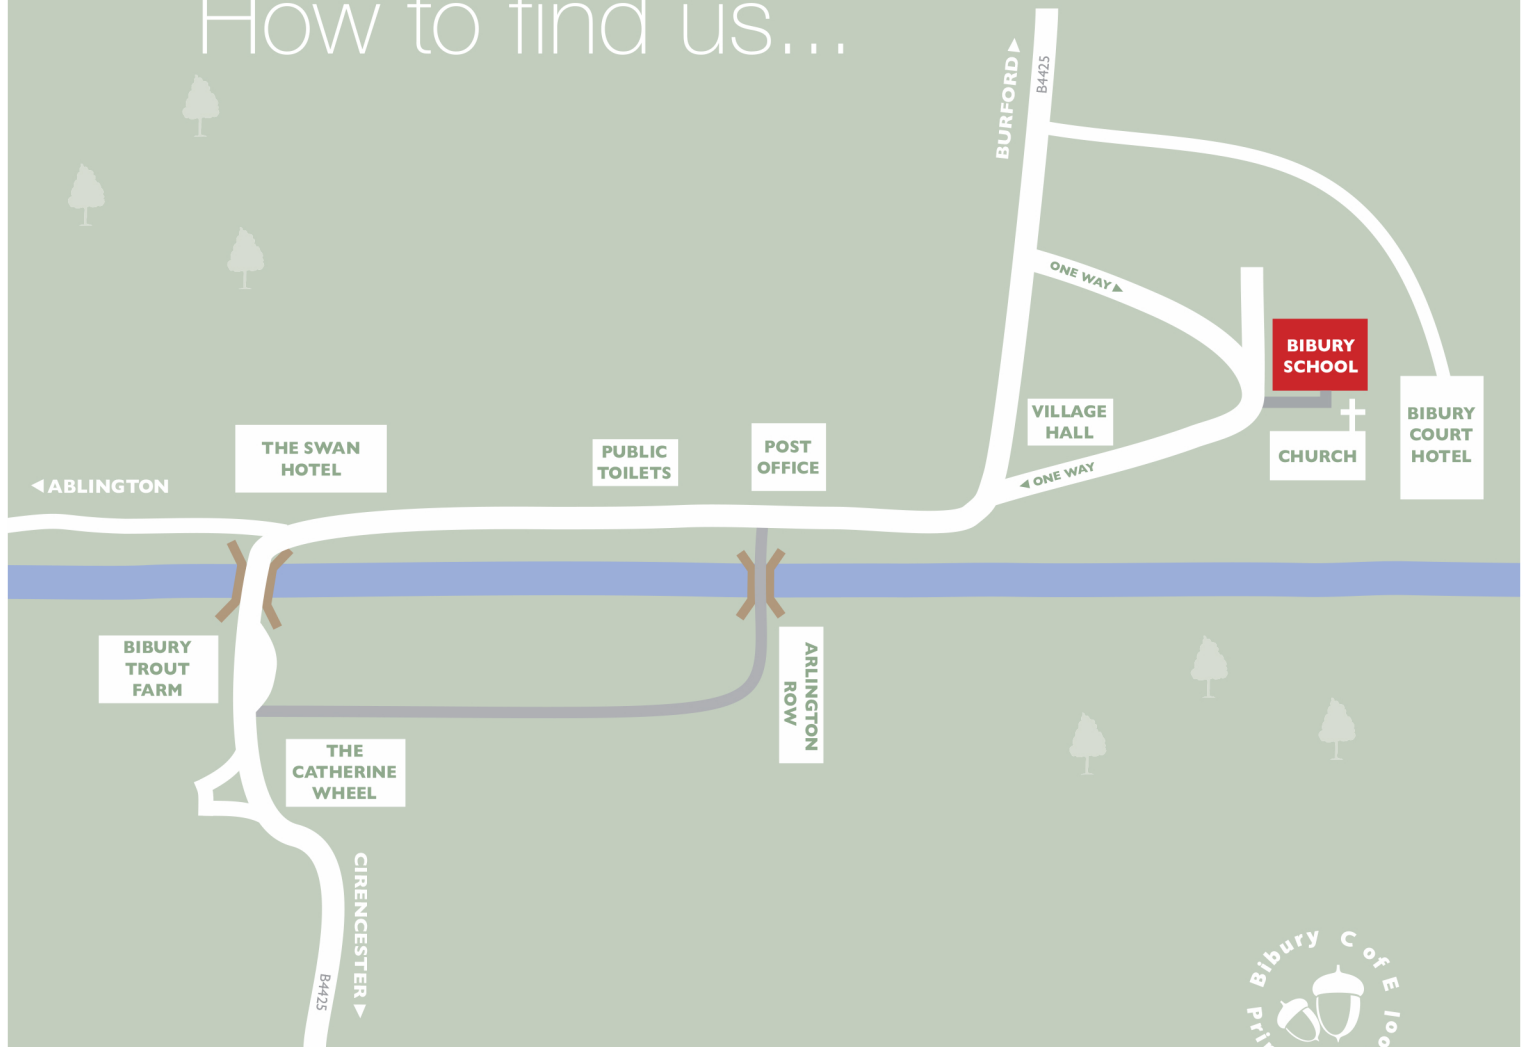

Our Vision

A caring Christian community where every child develops a love of life and of learning to engage courageously with the wider world
