

Term 4 Key Instant Recall Facts for Year 3

- Count in 10ths.

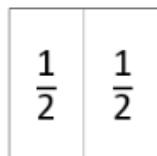

- Make a whole from fractions e.g. $\frac{2}{2}$, $\frac{3}{3}$ etc.

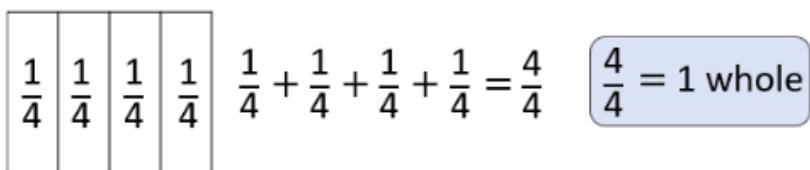

$$\frac{1}{3} + \frac{1}{3} + \frac{1}{3} = \frac{3}{3}$$

$\frac{3}{3} = 1 \text{ whole}$

$$\frac{1}{2} + \frac{1}{2} = \frac{2}{2}$$

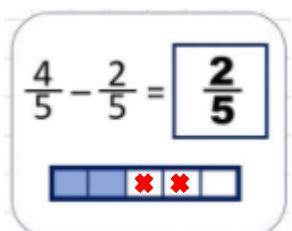

$\frac{2}{2} = 1 \text{ whole}$

$$\frac{1}{4} + \frac{1}{4} + \frac{1}{4} + \frac{1}{4} = \frac{4}{4}$$

$\frac{4}{4} = 1 \text{ whole}$

- Add and subtract fractions.

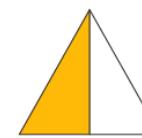

$$\frac{2}{7} + \frac{4}{7} = \frac{6}{7}$$

- To measure mass by reading scales in grams and kilograms.

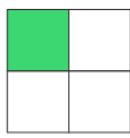

Key Instant Recall Facts to Revise from Year 2

- To recognise unit and non-unit fractions.

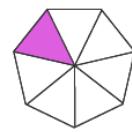

Unit Fractions

$$\frac{1}{2}$$

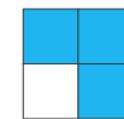

$$\frac{1}{4}$$

$$\frac{1}{7}$$

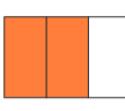

Non-Unit Fractions

$$\frac{3}{4}$$

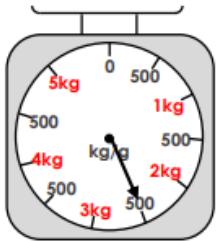

$$\frac{3}{8}$$

$$\frac{2}{3}$$

- To draw non-unit and unit fractions as shaded bar models.

- To measure capacity by reading scales in millilitres and litres.
