What does remote teaching at Bibury Primary School look like? September 2020

Where a class or small number of pupils need to self-isolate, or in the event of a local lockdown requiring pupils to remain at home, Bibury Primary School will offer remote education.

From Day 1 Padlet will signpost learning activities to be completed.

Our planning for this scenario includes the use of both online and offline resources and teaching videos. These will be closely matched to the long and medium term plans set out for each class. Where pupils do not have access to online materials we will offer equipment or paper-based learning and we will liaise with families to establish how best to support them.

We also recognise that for younger pupils and some pupils with SEND, activities may need to be delivered in a range of ways to be more closely tailored to their needs.

We will communicate plans with parents along with clear communication of the expectation to engage with daily learning provided.

Teachers will share the daily overview of lessons in a video introduction each day on Padlet.

EYFS

We will continue to support EYFS much in the same way as we did during lockdown as this was very successful. We will signpost parents and carers to activities via the padlet page and through contact via Zoom or Teams. Most learning within reception is based around practical activities and exposing children to new vocabulary. The activities added to padlet will have this focus and include suggested vocabulary Maths will be based on the White Rose activities we follow in school, English will follow the Write Stuff approach and parents will be guided through a powerpoint with teaching notes. Other activities will be signposted on padlet. Handwriting will be provided on printed sheets to pick up and phonics will be delivered through online Letters and Sounds videos. Reading books will be picked up weekly.

Phonics will be delivered through daily Letters and Sounds videos which will be posted onto the padlet page daily. All children who need phonics will be expected to watch and learn through this.

KS1 and KS2

In the event of school closure, a timetable for the week will be published on Padlet. This will include a daily English and Maths lesson, weekly Science, RE and Computing lessons, and all other foundation subjects planned to be taught that term. To support coverage these subjects will be timetabled across the week.

Reading books will be sent out in packs and quarantined for 72 hours before being sent out again. Children can continue to complete AR Quizzes at home and teachers should regularly view assessment feedback provided and make contact with parents if there are any concerns about progress.

English lessons will follow the weekly plan. Teacher input, assessment and feedback will be supported by Teams, Zoom and Purple Mash. Pupils will also be expected to publish work on Padlet and email work into school through parents' email account.

Maths lessons will follow the weekly plan. Teacher input, assessment and feedback will be supported by WRM videos, Teams, Zoom and Purple Mash. Pupils will also be expected to publish work on Padlet and email work into school through parents' email account.

Science, RE, Computing and foundation subjects (with the exception of PE) will follow the sequence of learning on the medium term plan. Teacher input, assessment and feedback will be supported by Teams and Purple Mash. Pupils will also be expected to publish work on Padlet and/or email work into school through parents' email account.

PE will focus on individual skills-based activities and challenges for keeping active. These can be shared on Padlet.

Targeted learning will also be available on pupils' accounts on online learning platforms: Mathletics; Spelling Shed; Times Table Rockstars; Purple Mash
